Telephone Rates Lower in the United States Than in Europe

Rates for telephone service should be based upon the cost of materials and labor and the kind of service furnished.

Wages paid telephone employees in this country are practically double those paid in Europe for the same kind of work.

Telephone materials also cost a great deal more in America than abroad and the grade of telephone service furnished here is far superior as everyone who has traveled in Europe knows.

Thus, the same materials could be purchased, the same amount of labor employed and service, such as is provided, could be furnished for less money in Europe than in America.

When the cost of operating is twice as much in America as in Europe, telephone rates in Europe, to be proportionately equal, should be only a dollar for service costing \$2.00 in America, and a long distance call costing \$1.00 here should only cost 50 cents in Europe.

In District Court of Dakota County, Nebraska.

In the Matter of the Estate of Ferdinand Kuhl, deceased.

Order to Show Cause.

Now, on this 3rd of August, A. D. 1918, this cause came on for hearing upon the petition under oath of William Kuhl, administrator of the estate of Ferdinand Kuhl, deceased, praying for license to sell the following described real estate of said Ferdinand Kuhl: The north half (N½) of section thirty-five (35), township twenty (20), range twelve (12), in Greeley county, Nebraska, or a sufficient amount thereof to bring the sum of \$566.83 for the payment of debts allowed against said estate and the costs of administration for the reason that there is not a sufficient amount of personal property in the possession of said William Kuhl, administrator, belonging to said estate to pay said debts and costs.

It is, therefore, ordered that all persons interested in said estate appear before me at Chambers in the Village of Pender, Thurston county, Nebraska, on the 21st day of September, A. D. 1918, at the hour of 10 o'clock A. M., to show cause, if any there be, why a license should not be granted to said William Kuhl, administrator, to sell so much of the above described real estate of said decedent as shall be necessary to pay said debts and expenses.

It is further ordered that a copy of this order be served upon all persons interested in said estate by causing the same to be published once each week for four successive weeks in the Dakota County Herald, a weekly newspaper printed, published and of general circulation in said county of Dakota.

Guy T. Graves, Judge of the District Court.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.
